

LIFE SCIENCE LAW DK WELCOMES YOU TO JOIN:

# **SUSTAINABILITY IN THE LIFE SCIENCE INDUSTRY - BUILD BACK BETTER AND GREENER**

**Life  
Science  
Law  
DK**

## MORNING EVENT AND LUNCH ON 16 NOVEMBER 2021

You are invited to our third event in 2021 and our first physical event in a long time! We very much look forward to networking with you (again)!

Three life science companies deeply rooted in Denmark will share their valuable learnings from implementing sustainability in their businesses. This requires focus, leadership and execution, but there are still many challenges.

Sustainability matters will be subject to even more legal requirements and new reporting obligations. Your sustainability readiness will become an even greater competitive edge in the future. How will you and your company prepare for the greener and more diverse future ahead? Are you ready?

We will discuss these questions and will learn valuable real life lessons from **Novo Nordisk**, **WS Audiology** and **NØIE Skincare**.

Best wishes from the board of **Life Science Law DK**

### COVID restrictions

The safety of our participants is important to us. We recommend that participants conduct a COVID-test prior to the event, even if you are fully vaccinated. There are no requirements to do so, as of 5 November 2021.

### Other information

Adjustments to the program may occur.

## ABOUT LIFE SCIENCE LAW DK

Life Science Law DK is an independent society that aims to further the development of the legal conditions for the life science industries in Denmark. The society does not represent any special interests and is not associated with any companies, interest groups, professional organizations or other institutions. Life Science Law DK was founded in September 2016 and membership is open for persons who are working with or is otherwise engaged in topics that are within the scope of the society.

Via different activities, Life Science Law DK seeks to heighten the knowledge of the strategic and commercial considerations and the special contracts that are characteristic for the life science industry. The activities include mainly organizing of events, debates, networking initiatives and sharing of knowledge. Life Science Law DK is managed by a board elected by the members and the composition of the board is well balanced and representative of the different stakeholders in the life science industry in Denmark.

If you want to support the future work of Life Science Law DK, we encourage you to become a member. Read how to join on [lifesciencelaw.dk](http://lifesciencelaw.dk).
